

The Welbourne Ripple

Pool Updates

The pool committee and HOA board understand the pool project is an important topic in the community and want to keep everyone updated. A routine status update will be sent (our goal will be monthly).

Some examples may include:

- *Construction updates*
- *Design plan updates*
- *Milestone dates and progress*

The engineering company has completed the bid packet and is expected to be delivering it soon. This has paved the way to our first quote and allows us to obtain additional bids.

Upcoming Milestones

- Obtain final bid packet documents
- Identify construction bidders and get quotes
- Neighborhood vote
- Prepare permitting documents for township meeting
- Gather documentation needed for financing
