

The Welbourn Wave

Pool Updates

You have probably seen by now that fencing was set up around the pool. This is the first step in the demolition process which is expected to begin next week. You will begin seeing construction equipment and workers in the pool area through the duration of the project.

We have worked with the construction company to minimize disruption to neighbors as much as possible. Contractor parking is designated on the blacktop area on Tarragon or street parking on Somerset. Access hours to the pool area are Monday-Saturday between 7am-6pm, though most of the work is expected to occur on weekdays only.

If you have any concerns, please contact one of the following pool subcommittee members:

Past Events

We would like to thank the Putnicks for once again hosting the annual Cookies and Cocoa with Santa. Many families attended including some with no young children who came for adult beverages and great conversation.
